Plamd (Zhongshan) Lighting CO., LTD
3605 Lih Center, Guzhen Town, Zhongshan City,
Guangdong Province, China

www.NVC-light.com

Professional Expertise

Backed by an automated production base and over 100 patented technologies, our products are certified by CCC and multiple international standards, and are exported to Asia, Europe, and the Americas:

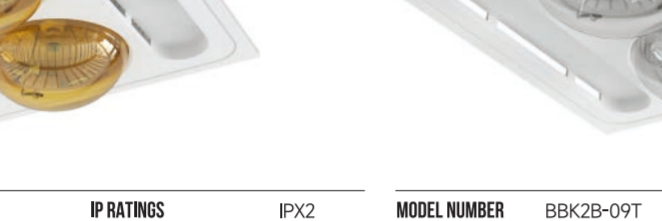

Sustainable Innovation

Using eco-friendly materials and energy-saving technologies, our products deliver outstanding tested performance, supporting low-carbon living.

Full-Scenario Service

A diverse product portfolio covering home decoration and construction sectors to meet personalized needs. With customer needs at the core, we redefine comfortable living spaces through reliable quality and intelligent design.

Superior Reliable Quality
with official certification

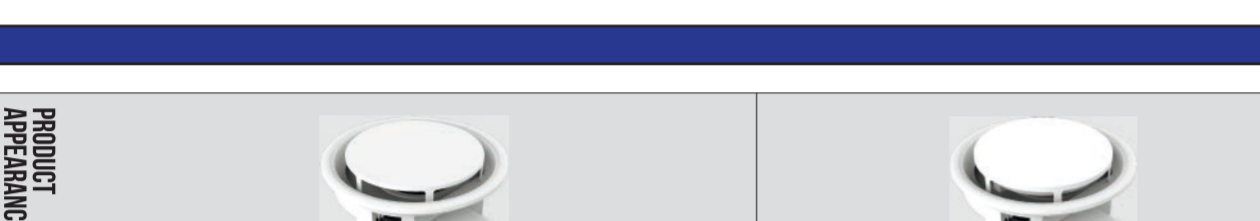

Bathroom Heater

"Instant heating, no need to wait."

- Instant Heat
- Explosion Proof Bulb
- Fire-Resistant Housing
- Softlight Technology
- Easy Installation
- Comprehensive Safety

Therapeutic benefits
This bathroom heater uses infrared bulbs to provide instant warmth. The infrared rays also offer therapeutic benefits: they stimulate blood circulation, relieve muscle pain, and enhance nutrient absorption from skin-care products. Avoid direct eye exposure.

- Fast heating, instant warmth
- Lower energy consumption, more cost-effective for short-term use
- Affordable price and low installation cost
- Easy maintenance with minimal equipment conditions
- Ideal for small spaces or specific installation locations
